## PROFESSIONAL SUMMARY

Aspiring Software Developer with a strong foundation in full-stack development, eager to contribute to innovative projects and solve real-world problems. Proficient in both front-end and back-end technologies, with hands-on experience in building responsive web applications and optimizing system performance. Passionate about continuous learning, collaborative teamwork, and delivering high-quality code. Seeking an opportunity to grow within a dynamic development team where I can apply my technical skills and creativity to drive impactful solutions.
