PROFESSIONAL SUMMARY

Software Developer with experience building full-stack applications using modern JavaScript technologies and relational databases. Skilled in developing RESTful APIs, implementing authentication workflows, and designing responsive user interfaces, with a strong foundation in Computer Science fundamentals and problem-solving skills.

EDUCATION

Year	Degree/Certificate	Institute	CGPA/Percentage
2024-2026	MCA - Masters in Computer Applications	Guru Gobind Singh Indraprastha University	8.7
2021-2024	B.Sc (Hons.) Computer Science	University of Delhi	7.8
2021	CBSE - XII	St Angels School, Rohini, Delhi	95.2%
2019	CBSE - X	St Angels School, Rohini, Delhi	95.4%

INTERNSHIP EXPERIENCE

To The New
Software Developer Trainee

Jan 2026 – Mar 2026
Noida, India

- Contributed to the development and testing of 5+ application features using JavaScript-based technologies across frontend and backend modules.
- Built and integrated RESTful APIs supporting data exchange between multiple application components, reducing manual data handling efforts by approximately 10%.
- Implemented authentication and authorization workflows, improving application security and access control across protected modules.
- Wrote SQL queries and optimized database interactions, reducing data retrieval time for selected workflows by nearly 15%.
- Collaborated with a team of developers in an Agile environment, participating in sprint discussions, code reviews, and testing activities.
- Assisted in debugging and resolving reported issues, contributing to improved application stability and maintainability during development cycles.

PROJECTS

MilkedIn – Daily Milk Purchase Logging Platform
Tech Stack: React.js, Express.js, PostgreSQL

github

- Developed a full-stack web application for tracking daily milk purchases and managing records digitally.
- Designed a PostgreSQL database schema and implemented CRUD operations for efficient data management.
- Built responsive user interfaces using React.js and integrated Express.js APIs for seamless data flow.
- Added reporting and visualization features to provide monthly consumption and expense insights.

StoreIt – Storage and File Sharing Platform
Tech Stack: Next.js, Appwrite, Shadcn/UI

github

- Developed a cloud-based platform for uploading, managing, and sharing files across multiple formats.
- Implemented secure authentication, file storage, and access control using Appwrite services.
- Built global search functionality to improve file discoverability and retrieval.
- Designed responsive and reusable UI components using Next.js and Shadcn/UI.

TECHNICAL SKILLS

- Programming Languages:** JavaScript, Python, C++
- Frontend & Backend:** React.js, Next.js, Node.js, Express.js, HTML5, CSS3, Tailwind CSS, REST APIs
- Databases & Tools:** PostgreSQL, MySQL, Git, GitHub, Postman, VS Code
- DevOps:** Docker, AWS EC2, AWS S3, CI/CD pipelines, GitHub Actions
- Core CS & AI:** DSA, OOPs, DBMS, Operating Systems, Computer Networks, Prompt Engineering, Gemini API

CERTIFICATIONS

- The Complete Full Stack Web Development Bootcamp** – Udemy (2025)
- JavaScript (Basic)** – HackerRank (2025)
- 100+ Days Badge** – LeetCode (2025)

POSITIONS OF RESPONSIBILITY

- Secretary**, Tarang - Music Club of Bharati Vidyapeeth 2025 - 2026
- Tech Head**, Surveen- Music Club of Sri Guru Gobind Singh College of Commerce 2022 - 2024
